

# Hello!

Now, that I have your attention, here are my

## Top 5 Reasons Why You Should Hire Me

- 1 I've worked as a Designer for +10 years in a variety of media — print, web, UI/UX ... you name it
- 2 I'm not a stranger to working on SaaS apps or working remotely as well as front-facing marketing sites
- 3 I'm passionate about design and people and the interaction/intersection of both
- 4 I like to hack things in whichever way possible... have you seen another square cover letter like this?
- 5 **Bonus:** I'm a former journalist, which means I can produce interesting stories, but I can also code, which means I know how to Slack /giphy maiaho
